One&Only The Palm
by Wa International

Dubai

Founded in London, Wa International established its interior design studio in Dubai in 1993 to meet the demand for their interior design services in the rapidly growing 5-star hospitality sector of the Middle East. The company has since built a client base of top hotel and resort brands that extends far beyond Dubai and the Middle East, while garnering a reputation for award-winning interior designs.

Located on the peninsula of one of the world's most spectacular landscapes, Palm Jumeirah is an exclusive enclave of impeccable style along the shores of the Arabian Gulf. Here, only a short journey by private water taxi or limousine, One&Only The Palm, Dubai is guaranteed to elevate the senses.

Taking its influence from Andalusian architecture, Wa International has designed a contemporary Moorish interior. Once again working with One&Only and Mirage Leisure and Development, the company's brief was to create a luxurious destination retreat.

With a contemporary take on Andalusian architecture, Wa International simplified traditional interior detailing to create pure architectural forms with clean lines and contemporary finishes. Utilizing a diverse array of materials, such as marble inlay to the floors, decorative textured plaster walls, mashribya screens, back lit etched glass and embossed metal, WA international has created a timeless interior to this boutique resort hotel.
