PASSIONATE ABOUT DESIGN

Wa International **Passionate about Design**

Renowned for creating exquisite interiors for the hospitality market for over 30 years, our Dubai Design Studio, established in 1993, has nurtured an award-winning reputation and established an enviable clientele with longstanding relationships reflecting our superlative performance and commitment to unique interiors.

A leader in hospitality design, we understand the changing industry trends which are governed by the today's more sophisticated world traveller. Our detailed knowledge and passion for design, combined with a precise interpretation of our Client's requirements, enable us to work with you to develop solutions that respond to both your immediate and long term goals; raising standards, and ultimately enhancing the brand equity of a project's owner and operator.

We have built our reputation and strengthened our philosophy of designing through innovation, not formulae. Just as no two Clients have the same requirements, no two design solutions have the same approach. We believe that every project presents a unique opportunity to create a truly distinctive interior – one that is sensitive to its location, architecture and Client's vision.

It is with this versatility, uniqueness, originality and creativity that our designs continue to inspire.

The Team

The diverse multi-national creative team at Wa International reflects our vision. As we've evolved in the region, we have hand-selected people from across the globe, not only for their creativity, talent and depth of experience, but also for their passion for design. Our team lives, thinks and breathes design; and it is with this enthusiasm, passion and integrity that we look forward to transforming your individual needs into unique, memorable and inspired interiors.
